DYMAX Corporation Earns Position as One of the Fastest-Growing Companies in the U.S.

Inc. magazine has, for the fourth year in a row, identified [DYMAX Corporation](#) as one of the 5,000 fastest-growing private companies in the country. The Inc. 5000 list represents the most comprehensive look at the most important segment of the economy – America’s independent-minded entrepreneurs. Taken as a whole, these companies represent the backbone of the U.S. economy.

“The leaders of the companies on this year’s Inc. 5000 have figured out how to grow their businesses during the longest recession since the Great Depression,” said Inc. president Bob LaPointe. “The 2010 Inc. 5000 showcases a particularly hardy group of entrepreneurs.”

With this accomplishment, DYMAX Corporation joins the rarified company of enterprises who have appeared on the list multiple times, many of which have grown to become national icons.

Complete results of the Inc. 5000, including company profiles and an interactive database that can be sorted by industry, region, and other criteria, can be found on <http://www.inc.com>.

In addition to their headquarters in Torrington, DYMAX has locations in [Germany](#), [China](#), [Hong Kong](#), and [Korea](#) which serve the assembly needs of the [medical](#), [electronic](#), [optical](#), [automotive](#), [appliance](#), [metal finishing](#), [power generation](#), and [industrial](#) markets worldwide.

[DYMAX Corporation](#) is a leading technology-based company specializing in the formulation, manufacture, and service of advanced assembly [adhesives](#), [coatings](#), [epoxies](#), [masking resins](#), and [light-curing systems](#).
